

InCapta, Inc. and Leading Edge Radio Network Offering Complimentary Help for Schools, Non-Profit Charities and Churches, Eliminating Up-Front Fundraising Costs with a True Fundraising Solution.

Donors are now financially rewarded while charities, school's and churches gain immediate funds utilizing the NUFF™ SAID Program.

SAN DIEGO CA- Wednesday, September 28, 2016 - InCapta, Inc (OTC PINK: INCT) -----InCapta, Inc. and LeadingEdgeRadio.TV, in conjunction with LeadingEdgeRadioNetwork.com, are teaming up to provide schools, churches and non-profit 501 C-3 charitable organizations an immediate economic financial boost by providing a complimentary program which rewards not only the charitable cause, school or church, but also the donor of donations to those organizations with an equal amount of radio advertising in the amount of their donation. "NUFF™ Said", stands for NO UP-FRONT FEES.

Many organizations spend a majority of time and effort procuring funds from donors and trying to come up with new ideas on how to obtain new donors and gifts, it's a full-time job. These entities consistently face cash and fundraising issues year around, just to continue operations. Leading Edge Radio Network and InCapta's program allows both the donor and the organization needing the gift to be blessed simultaneously. The program was exclusively created from personal experience and designed to give something back to all the parties that is tangible and beneficial.

Greg Martin, President of InCapta, Inc, said, "The program is designed so everyone wins. The giver receives something of value from the charity, school or church to which they are donating besides a tax receipt and goodwill. These entities receive immediate cash. Our program comes with a special feature of 'the gift that keeps on giving', which pays the charity, church or school with up-front lump-sum cash or monthly cash. I've witnessed far too many organizations struggle to have enough support funding to prosper. In this economy, fewer donations and lack of cash is exacerbated when there are fewer people giving, the need for funding is a 365 day a year battle."

Here's how it works: Leading Edge Radio Network provides radio spot advertising to the non-profit charity, church or school. These entities in turn, sell the radio time to their donors and they collect the funds, send in 50% and keep the other 50% of the money. Leading Edge Radio Network then runs the spot ads on their national internet radio network. The charity, church or school wins and the giver of the donation also benefits by being able to promote their business or services. The funds are available year around and consistently available to non-profits, churches and schools. Schools, charities and churches no longer have to go hat in hand and beg for donations, come up with creative ways to entice donors or have to pay up-front fees to raise money. Leading Edge Radio Network and InCapta, Inc are the fundraising problem solvers.

There is no obligation or up-front or backend costs, but the agency, school or church must register at the website at [Leading Edge Radio Network.com](http://LeadingEdgeRadioNetwork.com)

Our Nation was formed by doers and donors – people whose ingenuity and generosity launched America into becoming a great Nation. Now, it's your turn to keep America a "Do-Nation" by making your donations. Together, we can all "Make America Great Again."
